DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Species D, figure 6 in Paper No. 6 is acknowledged. The traversal is on the ground(s) that figures 4, 5 and 6 are of a single inventive idea. This is not found persuasive because the structural details of figure 5 are different than that of figure 4. There is no description of figure 6 in the specification. From figure 6, one can see that there are different structural details, such as the profiles marked with "66" and "72", from figures 4 and 5. Claims 1, 3-5, 9 and 11 have been selected by the Applicant as readable on the elected figure 6. Claims 2, 6-8, 10 and 12-15 have been withdrawn from consideration.

The requirement is still deemed proper and is therefore made FINAL.

Response to Amendment

2. The reply filed on 5/15/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): claim 1, the only independent claim, is not readable on the elected embodiment of figure 6. Because there is no description of figure 6 in the specification, it is unclear if driven wheel 28 is directly or non-directly supported against said supporting element 38. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within

which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
